Parks & Recreation - Thursday night's "Music In The Park" had the largest turnout in the concert's opening night history. KOOL 105.9's Morning Host DeeJays Janine Wolf and John Williams introduced the evening's entertainment – *Design*. This energetic group had the crowd on their feet and rocking to the tunes of various genre. The weather cooperated with 82 degrees at start time, cooling down slowly throughout the evening. If opening night is any sign of what's to come at the next five concerts, residents, families and friends should arrive early and be ready for some great entertainment.

Library - Have you seen the historic Willamette photo exhibit yet? Join Susan Hartford, the historian for the Willamette Centennial Committee, at a reception in the library Community Room on Sunday, July 27 from 2-4 p.m. Stop by and hear about how she tracked down the photographs and learn more about this historic photographic exhibit.
